## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 112***

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-16 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Cl. 1, is the polishing pad made of metal? Or is it for polishing metal? Cl. 3, does 'M' represent hydrogen atom, alkali metal, earth metal, etc.? Or are the later compounds part of the functional group? Claims 7-16 do not further limit the pad of claim 1 structurally and are merely intended use of the pad.

### ***Claim Rejections - 35 USC § 102***

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

4. Claims 1-16 are rejected under 35 U.S.C. 102(a) as being clearly anticipated by japan 311073.
